

# HEALTHCARE READY

STRENGTHEN. SAFEGUARD. RESPOND.

*Results from YouGov Disaster Preparedness Survey*

*Survey administered: May 5<sup>th</sup>- 8<sup>th</sup>*

[View the full press release and 2016 key findings](#)

# Survey Instrument

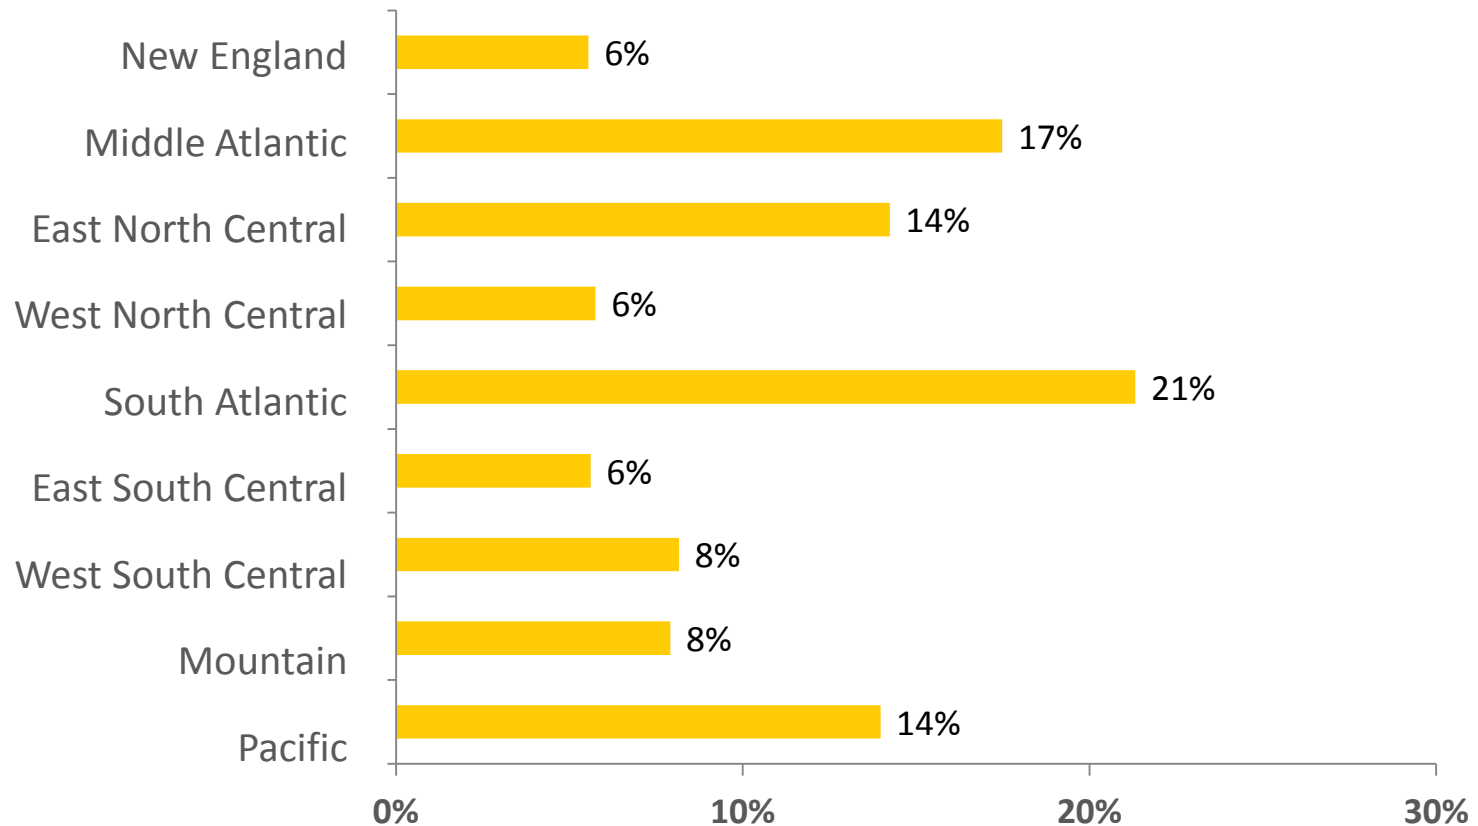

## Background

- In advance of hurricane and tornado season, Healthcare Ready conducted the second annual poll of 1,184 Americans designed to assess the American population's greatest concerns regarding disasters, preparedness actions they take, and entities that they look towards for disaster preparedness and emergency response.

## Methodology

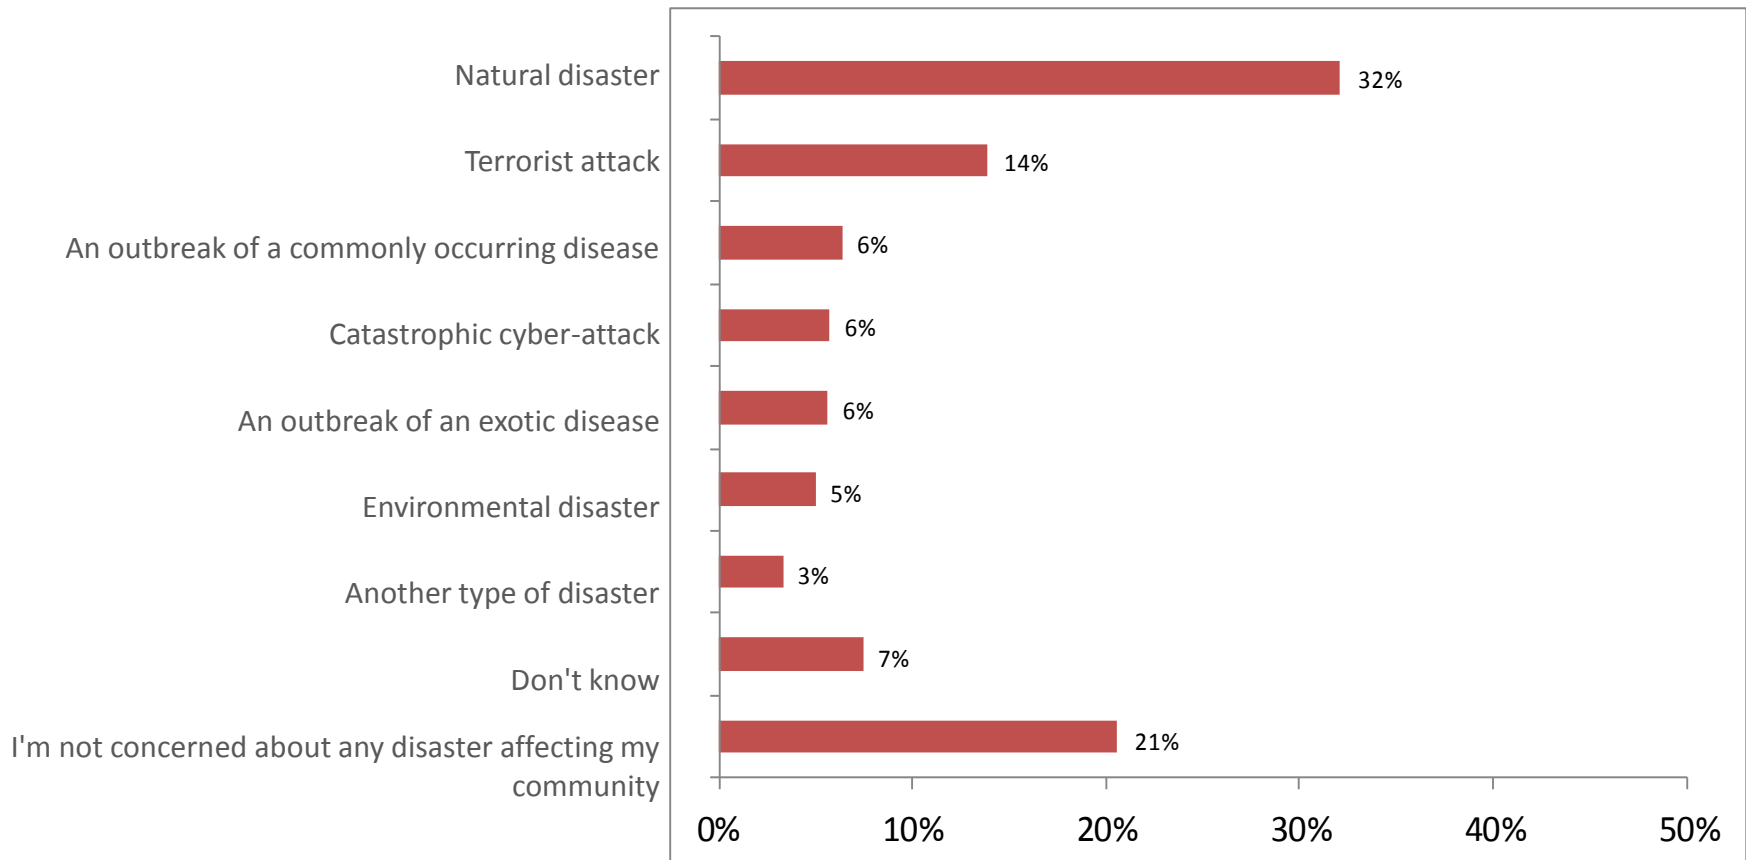

- Survey conducted using an online interview administered to members of the YouGov panel of 1.2 million individuals who have agreed to take part in surveys
- Total sample for this survey was 1,184 randomly selected adults
- Fieldwork was undertaken between 5th-8th of May 2017
- All figures have been weighted and are representative of all U.S. adults

# Census distribution

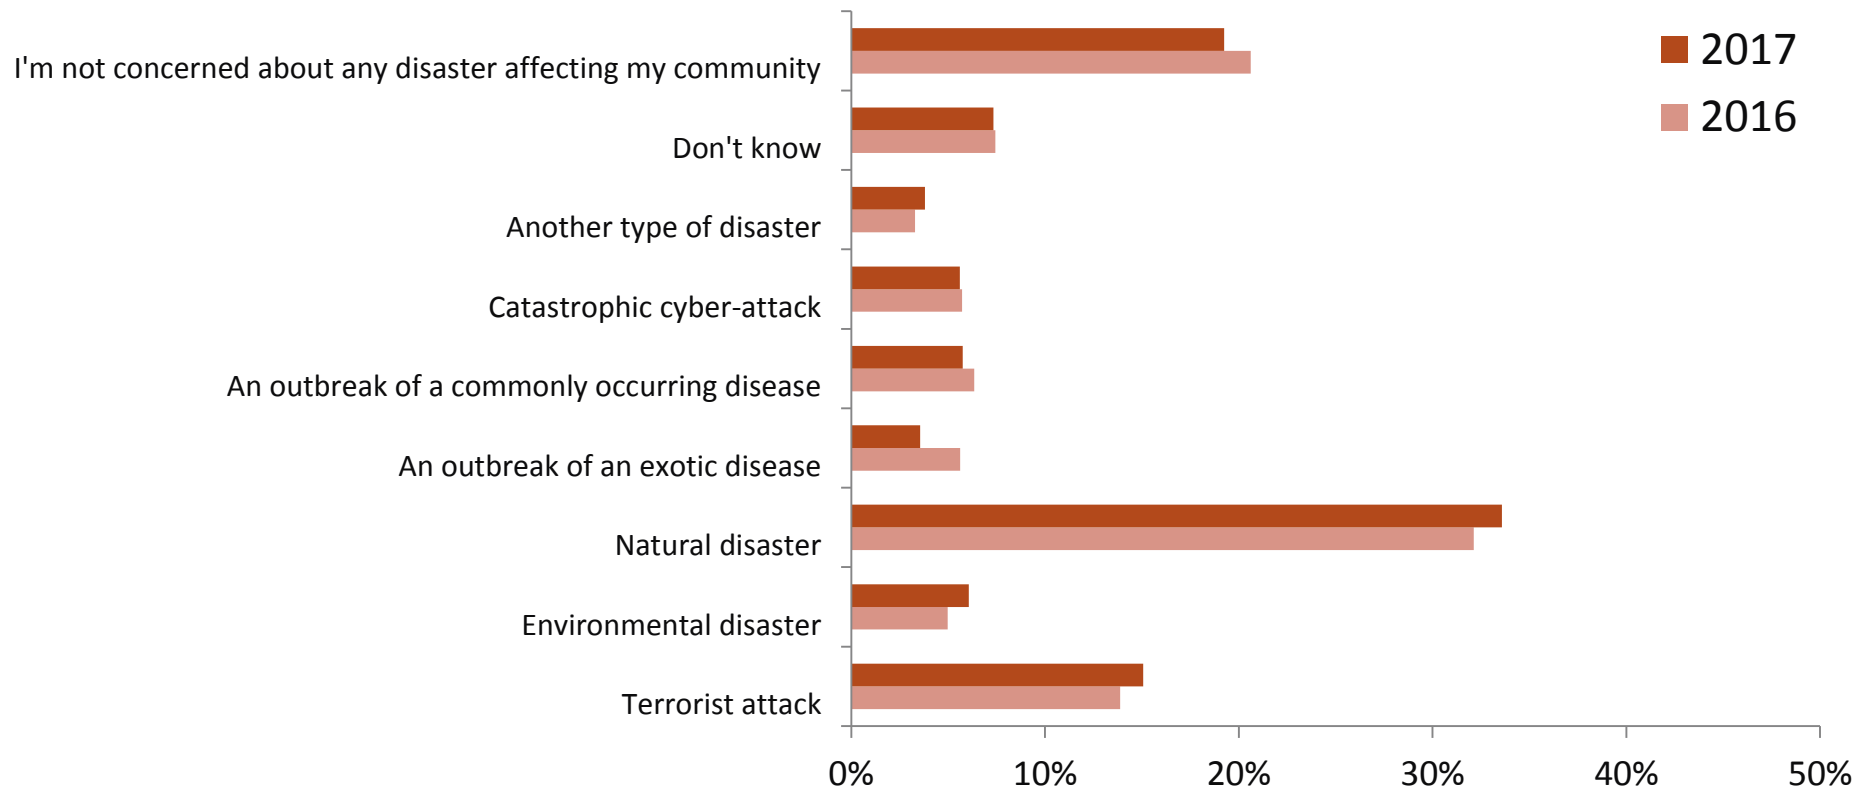

# Most concerning disaster

*Which ONE, if any, of the following types of disaster are you MOST concerned will affect your community?*

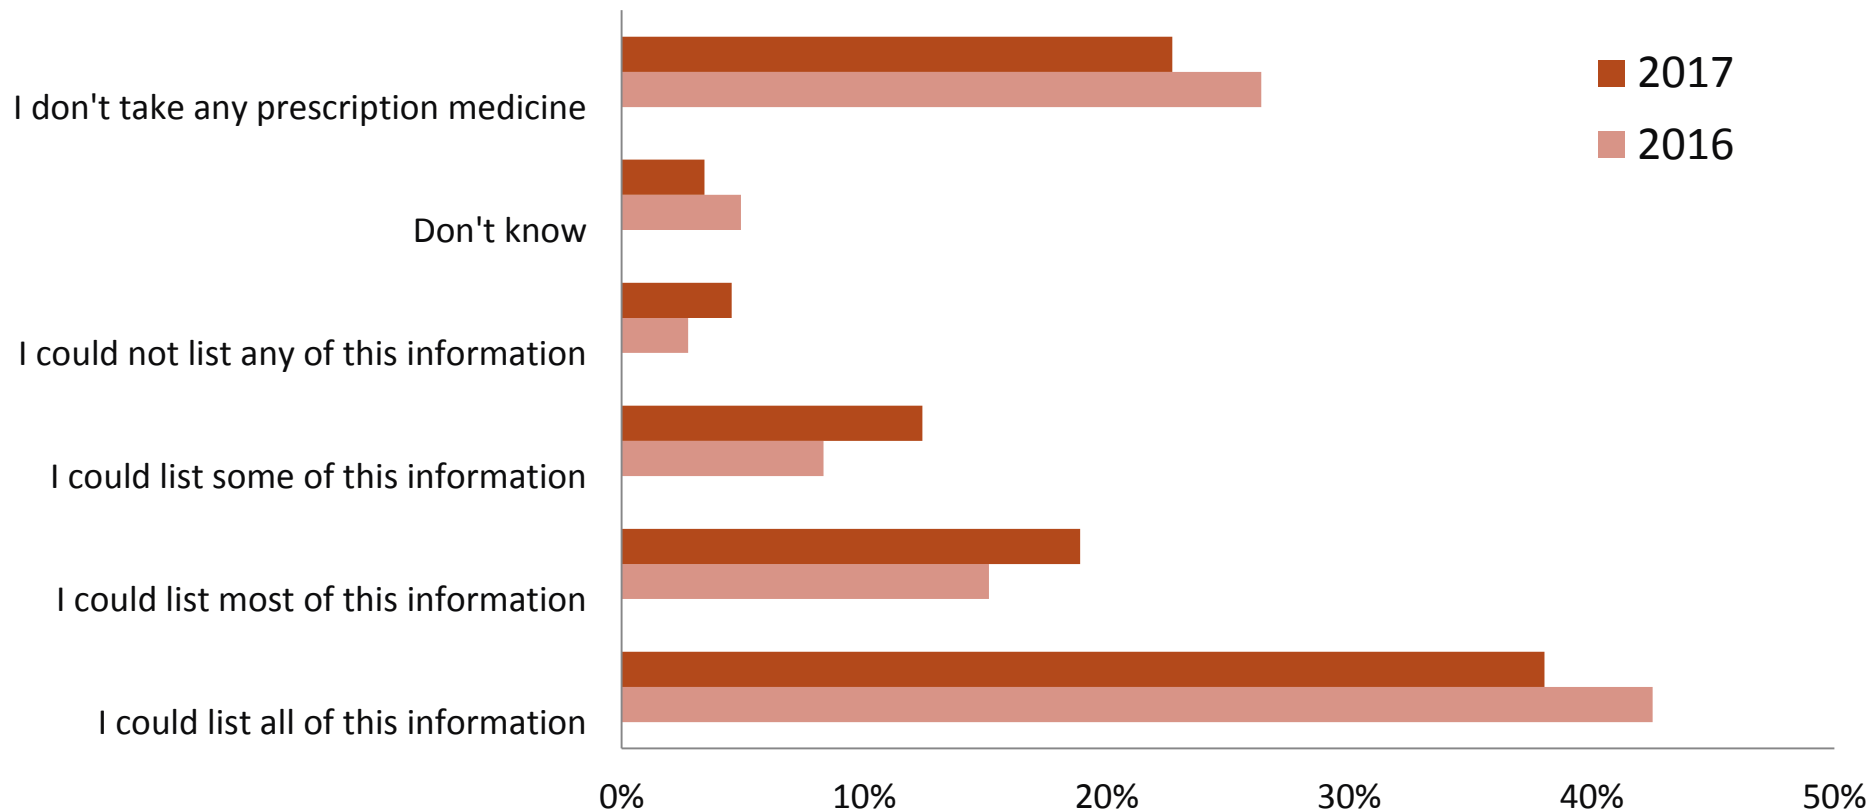

# Most concerning disaster

*Which ONE, if any, of the following types of disaster are you MOST concerned will affect your community?*

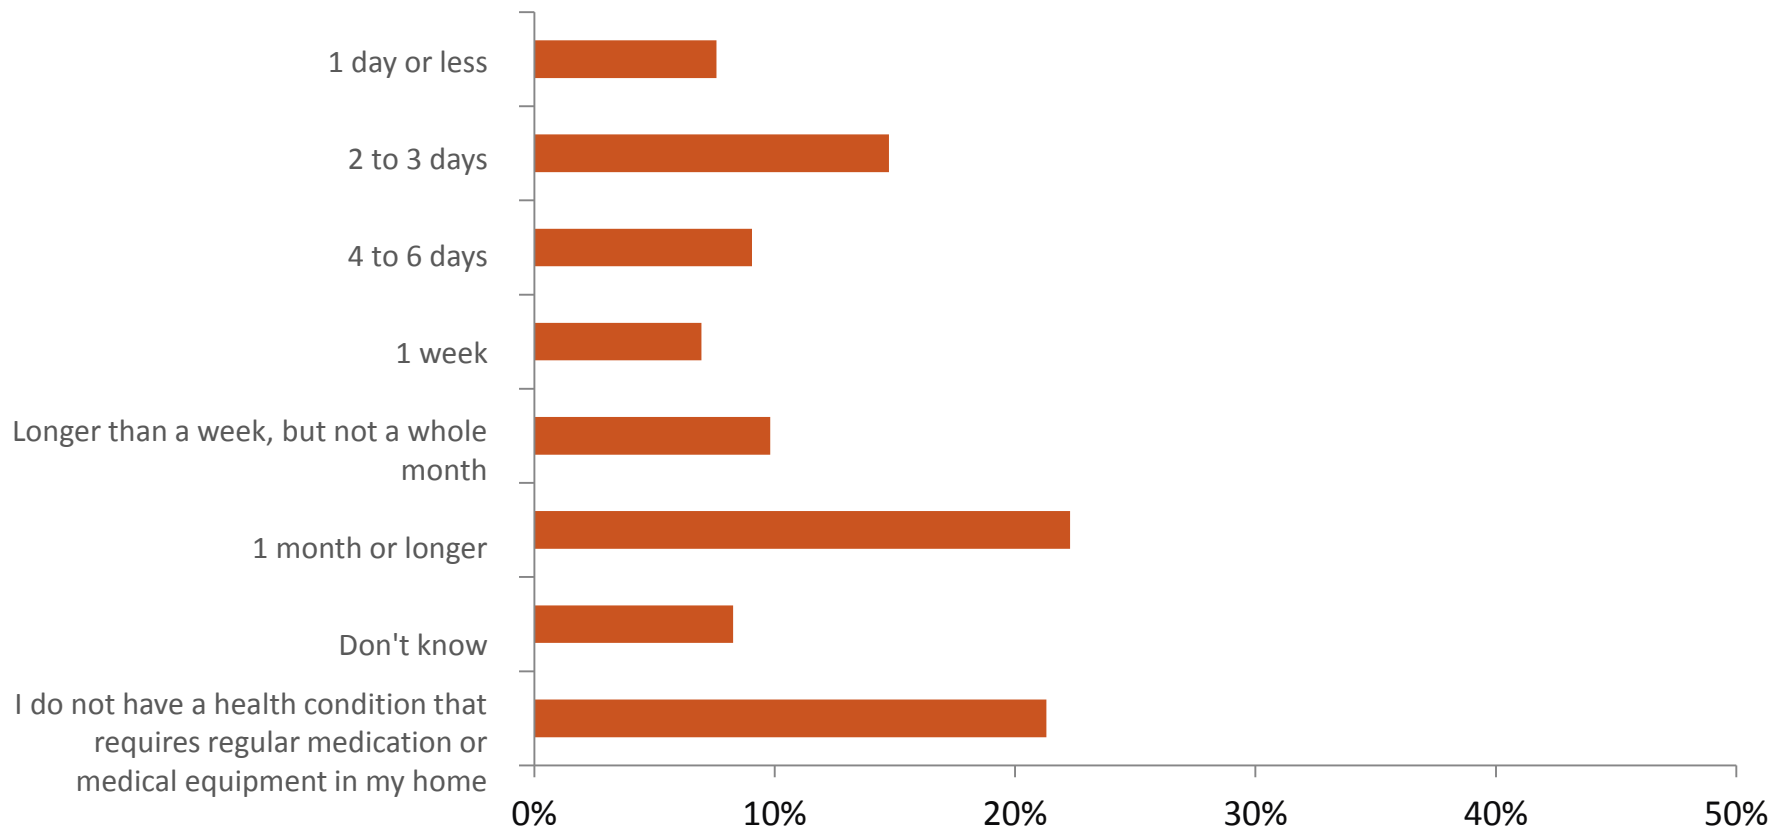

# Knowledge of prescription information

*If you had to evacuate your home with no medications or medical supplies, would you know what prescriptions you take, the doctor who prescribed them, and the dose?*
