

Appendix A: COVID-19 Community Vaccination Center Typing

COVID-19 Community Vaccination Center Types

FEMA, with Federal partners, has developed tailorable packages to support states, tribes, and territories in the establishment of Community Vaccination Centers (CVCs).

They are configured into five types below.

Type 1 Vaccination Clinic (Approximately 6,000 vaccinations/day capacity)

Federally supported site to include facility leasing, approximately 345 personnel (fixed site) or 369 (drive-through), equipment and supplies to meet throughput over a 12-hour shift. **This is a summary of personnel only. Complete force package breakdown follows in Appendix A1.**

Facility	Clinical Force Package	Non-Clinical Force Package ¹	Other Support
Minimum of 15,000 sf. with adequate parking for at least 800 vehicles including accessible services and parking	213 total clinical staff, including: <ul style="list-style-type: none"> - 100 vaccinators² - 20 Registered Nurses - 4 EMS personnel staffing two ALS/Paramedic Ambulances³ 	132 total non-clinical staff, including: <ul style="list-style-type: none"> - 5 command and control - 30 law enforcement/security - 7 IT support 	Additional Supply Cache: <ul style="list-style-type: none"> Gloves, masks, face shields Computer and internet access, Spare syringes, needles, alcohol preps

Type 2 Vaccination Clinic (Approximately 3,000 vaccinations/day capacity)

Federally supported site to include facility leasing, approximately 235 personnel (fixed site) or 254 (drive-through), equipment and supplies to meet throughput over a 12-hour shift. **This is a summary of personnel only. Complete force package breakdown follows in Appendix A2.**

Facility	Clinical Force Package	Non-Clinical Force Package ¹	Other Support
Minimum of 7,500 sf. with adequate parking for at least 600 vehicles including accessible services and parking	144 total clinical staff including: <ul style="list-style-type: none"> - 60 vaccinators² - 15 Registered Nurses - 4 EMS personnel staffing two ALS/Paramedic Ambulances³ 	91 total non-clinical staff including: <ul style="list-style-type: none"> - 3 command and control - 15 law enforcement/security - 4 IT Support 	Additional Supply Cache: <ul style="list-style-type: none"> Gloves, masks, face shields Computer and internet access, Spare syringes, needles, alcohol preps

Type 3 Vaccination Clinic (Approximately 1,000 vaccinations/day capacity)

Federally supported site to include facility leasing, approximately 87 personnel (fixed site) or 97 (drive-through), equipment and supplies to meet throughput over a 12-hour shift. **This is a summary of personnel only. Complete force package breakdown follows in Appendix A3.**

Facility	Clinical Force Package	Non-Clinical Force Package ¹	Other Support
Minimum of 4,500 sf. with adequate parking for at least 250 vehicles including accessible services and parking	54 total clinical staff including: <ul style="list-style-type: none"> - 15 vaccinators² - 8 Registered Nurses - 2 EMS personnel staffing one ALS/Paramedic Ambulance³ 	40 total non-clinical staff including: <ul style="list-style-type: none"> - 3 command and control - 6 law enforcement/security - 2 IT Support 	Additional Supply Cache: <ul style="list-style-type: none"> Gloves, masks, face shields Computer and internet access, Spare syringes, needles, alcohol preps

Type 4 Vaccination Clinic (Approximately 250 vaccinations/day capacity)

Federally supported site to include facility leasing, approximately 43 personnel (fixed site) or 48 (drive-through), equipment and supplies to meet throughput over a 12-hour shift. **This is a summary of personnel only. Complete force package breakdown follows in Appendix A4.**

Facility	Clinical Force Package	Non-Clinical Force Package ¹	Other Support
Minimum of 2,500 sf. with adequate parking for at least 130 vehicles including accessible services and parking	26 total clinical staff including: <ul style="list-style-type: none"> - 6 vaccinators² - 4 Registered Nurses - 2 EMS personnel staffing one ALS/Paramedic Ambulance³ 	20 total non-clinical staff including: <ul style="list-style-type: none"> - 2 command and control - 3 law enforcement/security - 1 IT Support 	Additional Supply Cache: <ul style="list-style-type: none"> Gloves, masks, face shields Computer and internet access, Spare syringes, needles, alcohol preps

Type 5 (Mobile) Vaccination Clinic (Approximately 250 vaccinations/day capacity)

Federally supported mobile site with approximately 49 – 54 personnel (depending on set-up) that can be easily transported from one location to another, as needed; may include a self-hauling capability, but does not have to be on wheels. **This is a summary of personnel only. Complete force package breakdown follows in Appendix A5.**

Facility	Clinical Force Package	Non-Clinical Force Package ¹	Other Support
Minimum of 2,500 sf. of area to set-up with adequate parking for trucks and trailers plus support staff and vaccine recipients	26 total clinical staff including: <ul style="list-style-type: none"> - 6 vaccinators² - 4 Registered Nurses - 2 EMS personnel staffing one ALS/Paramedic Ambulance³ 	26 total non-clinical staff including: <ul style="list-style-type: none"> - 2 command and control - 3 law enforcement/security - 1 IT Support - 2 truck drivers (contract) - 4 set-up/maintenance (contract) 	Additional Supply Cache: <ul style="list-style-type: none"> Same as Type 4 above. Locally contracted requirements: Toilets, generators, others as required.

¹ Legal, OER, ODIC, Civil Rights Advisors and other specialized support personnel will be on-call for all CVC but are not required to be on-site full-time. External Affairs is projected to be on-site for Type 1 and Type 2 sites during vaccination operations.

² Each STT must identify the personnel authorized by State Health law/regulation to administer intramuscular injections in their jurisdiction. Any uniformed service member, employee, contractor, or volunteer authorized by a Federal executive department or agency to administer the Food and Drug Administration (FDA)-authorized or FDA-licensed COVID-19 vaccines is a “covered person” under the HHS Secretary’s March 10, 2020 Public Readiness and Emergency Preparedness Act (PREP Act) Declaration, as amended. See [Seventh Amendment to Declaration Under the Public Readiness and Emergency Preparedness Act for Medical Countermeasures Against COVID-19](https://www.phe.gov/Preparedness/legal/prepact/Pages/PREP-Act-Guidance.aspx), March 11, 2021, available at <https://www.phe.gov/Preparedness/legal/prepact/Pages/PREP-Act-Guidance.aspx>; and [Guidance for Department of Defense Personnel, Contractors, and Volunteers Regarding COVID-19 Vaccines and Immunity under the PREP Act](https://www.phe.gov/Preparedness/legal/prepact/Pages/prep-act-guidance-DoD-COVID.aspx), OASH, February 2, 2021, available at <https://www.phe.gov/Preparedness/legal/prepact/Pages/prep-act-guidance-DoD-COVID.aspx>.

³ At least one Advanced Life Support (ALS) ambulance, staffed by a crew of two including at least one state certified/licensed paramedic will be on-site during vaccination operations.
