First, fold here right above the Blood Type and Emergency Contact section.

See diagram below.

Next, fold here right above the Prescriptions Medications section.

See diagram below.

Follow these steps to create your custom Rx on the Run wallet card!

1. Fill out your information in the form fields on the card above
2. Print this page and cutout card
3. Fold the card following the diagram

That's it! Your card is ready to place in your wallet, purse, or ID holder.

Fold the first section back away from yourself.

Fold the prescription medications section up towards yourself.
